

Have you or your family immigrated here?

Did you have a relative who loved to take photos?

Come digitize your snapshots!

You receive new digital copies and keep your originals.

Share your history with your loved ones again.

Meanwhile, you'll be part of a growing archive of immigration stories.

The Making of an Archive is a digitization service for your community snapshots. We create digital files of your memories and photos while you contribute to an archive of multicultural engagement in Canada.

This project is initiated by artist Jacqueline Hoàng Nguyễn.

To book an appointment, or for more information, contact grunt gallery archivist Dan Pon: dan@grunt.ca or 604-875-9516

The Making of an Archive is produced in collaboration with grunt gallery. Find us at www.grunt.ca
